Dark Web Monitoring
Identity thieves can sell your personal information on hard-to-find dark web sites and forums. LifeLock patrols the dark web and notifies you if we find your information.

USPS Address Change Verification
Identity thieves try to divert mail to get important financial information. LifeLock lets you know of change in address requests at the U.S. Postal Service linked to your identity.

Fictitious Identity Monitoring
We scan for names and addresses connected with your Social Security number to help protect against criminals building fictitious identities to open accounts or commit fraud.

Credit, Checking and Savings Account Activity Alerts
Help protect your finances against fraud with alerts that notify you of cash withdrawals, balance transfers and large purchases.

Three-Bureau Credit Monitoring
We monitor key changes to your credit file at the three leading credit bureaus and alert you to help detect fraud.

Three-Bureau Annual Credit Reports and Credit Scores
Online access to your annual credit reports and credit scores from the three primary bureaus: Equifax, TransUnion and Experian. It’s a convenient way to see details of your credit history over the past year.

The credit scores provided are VantageScore 3.0 credit scores based on data from Equifax, Experian and TransUnion respectively. Third parties use many different types of credit scores and are likely to use a different type of credit score to assess your creditworthiness.

† LifeLock does not monitor all transactions at all businesses.

1 Your LifeLock plan includes credit reports, scores, and/or credit monitoring features ("Credit Features"). Two requirements must be met to receive said features: (i) your identity must be successfully verified with Equifax; and (ii) Equifax must be able to locate your credit file and it must contain sufficient credit history information. IF EITHER OF THE FOREGOING REQUIREMENTS ARE NOT MET YOU WILL NOT RECEIVE CREDIT FEATURES FROM ANY BUREAU. If your plan also includes Credit Features from Experian and/or TransUnion, the above verification process must also be successfully completed with Experian and/or TransUnion, as applicable. If verification is successfully completed with Equifax, but not with Experian and/or TransUnion, as applicable, you will not receive Credit Features from such bureau(s) until the verification process is successfully completed and until then you will only receive Credit Features from Equifax. Any credit monitoring from Experian and TransUnion will take several days to begin after your successful LifeLock plan enrollment.
